A "Calamity Comparable Only to Paris Also Reports Aerial Ac-Armed Occupation by a Foreign tivity and the Bombarding Foe" - In "Alliance With the Predatory Interests and Corrupt Forces of Machine Politics."

The New York American, William R. Hearst owner and editor, is warmly supporting the candidacy of Gov. Whitman for re-election.

Gov. Whitman has utterly failed. His instances of service to the public have been rare, while his acts of truckling subservience to the interests are innumerable and unpardonable. Gov. Whitman's alliance with the predatory interests and with the corrupt forces of machine politics is the menace of the Republican Party of the Nation.
